Review the instructions below very carefully. Failure to follow instructions will delay your admission decision and can ultimately impact your admission decision.

Report all courses that will be used to satisfy the A-G subject requirements. Do not include non-college preparatory courses such as Health or Physical Education.

Any math (algebra or higher) and/or language other than English courses (LOTE level 1 or higher) taken in middle school and have continued the course progression into 9th grade should be entered in your application to receive consideration. These courses should be entered as High School Coursework and assigned to an A-G area.

California high school students: the course title appears once you enter the first few letters of the title. If courses do not appear, return to the High Schools Attended section and confirm that your high school was selected from the available options. Manually entering a California high school or high school courses is highly discouraged and will delay the processing of your application.

Visit the [Applicant Help Center](#) for more information.

If you completed college courses while in high school, report those courses in the College Coursework section. If you took college courses while in high school and do not see the college coursework section available, go back to your Extended Profile and be sure you indicated that you completed college coursework while in high school.
