Principal's Message

College Culture

Hello TEACH Academy families!

One of the most powerful ways we prepare our scholars for the future is by building a college culture right here on campus. When our classes identify with real colleges, they start to believe it belongs to them. That identity shapes how hard they work in class, how they handle challenges, and how they imagine their own future.

Every Wednesday is College Wednesday here at TEACH Academy. We encourage every student to wear a college shirt and show pride in the campuses that inspire them. The intention is to make college a part of who we are. When our campus is filled with university colors and logos, students are reminded daily that higher education is achievable and expected.

Our Advisory cohorts have each chosen a college mascot to represent their group, and all classes are competing with one another as they work toward our shared goals. That friendly competition builds belonging, school spirit, and healthy relationships with their classmates as they work towards a common goal. Whether the challenge is iReady completion, attendance, door decorating, or behavior goals, we've found that friendly competition is highly motivating for our students and yields positive results school wide. When your child shows up prepared, participates in Advisory, and takes pride in their cohort's mascot and goals, they're practicing the same commitment they'll need long after middle school.

Families, this is where we rely on the partnership we've built. Ask your child which college shirt they're wearing, which mascot their Advisory chose, and what their class is competing for. You can help us by celebrating those conversations at home.

Thank you!

-Mr. Gomez, Principal

HISTORY OF TEACH

By Mr. Frank Williams
School Culture Lead

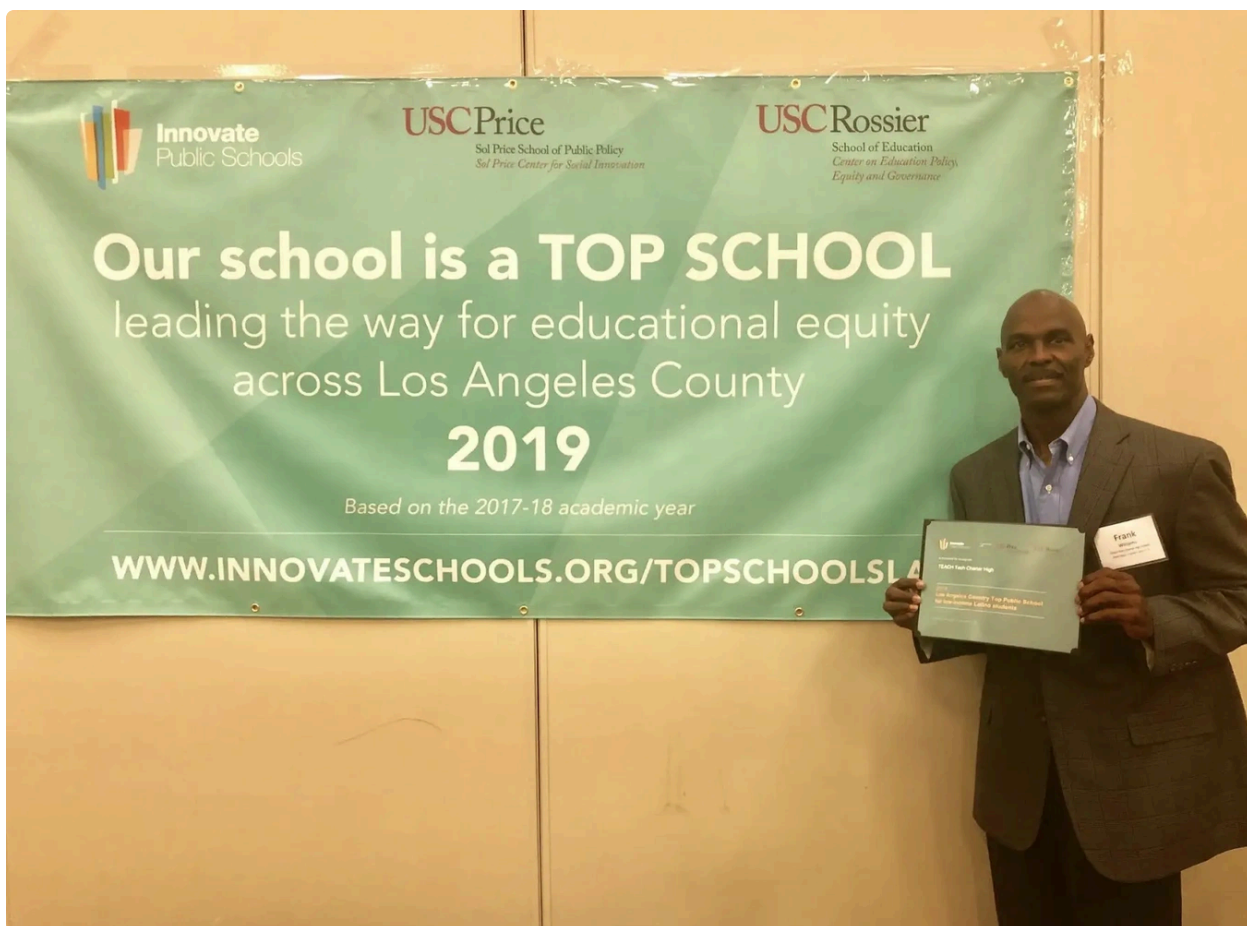

History of TEACH, by Mr. Frank Williams

I was honored to attend an acknowledgement ceremony on Saturday May 4, 2019 at USC. Schools received awards that were distributed by the then LAUSD Board President. TEACH was celebrated and applauded for a job well done. During a Professional Development session, TEACH was encouraged to assist other struggling schools with achieving the mark we made by sharing the secret to our success.

When I spoke to schools I was careful to be transparent but truthful. I did not want to appear boastful or as if I had all of the answers because I didn't and still don't. The thing that I did want to display was confidence in my unequivocal belief in the TEACH methodology. I knew then, and know now that our recipe works.

I have come to define it as a redefinition of education as holistic, moral, and perpetual.

At TEACH, education is mastery and distribution of the fundamental tools of knowledge: reading, writing, computation; positive character development; and engagement in the lifelong process of learning or acquiring knowledge as a commodity.

The Reading Corner

Predict. Read. Reflect.

Grades 5–8 • 15–20 minutes • Parent led

BEFORE READING • 3 MIN

1. Preview and predict

Look at the title, headings, bold words, and any images together. Ask your student what they think the text will be about and why. “What do you notice? What do you think this is going to be about?”

DURING READING • 8–10 MIN

2. Read aloud together

Take turns reading a paragraph aloud. This builds fluency and keeps engagement high. If your student stumbles on a word, give them 3 seconds before jumping in. “Your turn! Read to the end of the paragraph.”

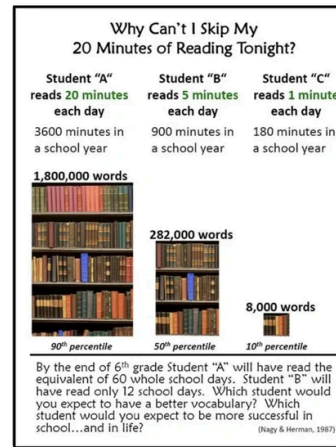

3. PAUSE AND CHECK IN

Stop at the halfway point. Ask your student to tell you in their own words what they read so far, no peeking at the text. “Pretend I didn’t read this. Tell me what’s happened so far.”

AFTER READING • 4–5 MIN

4. Ask a higher-order question

Go beyond “What happened?” Push your student to think critically, connect the text to the real world, their own experience, or another book they’ve read. “Why do you think the author chose to write about

this? Does it connect to anything you’ve seen in real life?"

Counseling News

THE COUNSELING CORNER

Ms.Ramirez

School Attendance Matters

Every Day Counts !

We want to remind families about the importance of regular school attendance. Being in school consistently gives students the opportunity to learn, build relationships and feel connected at school

When students are frequently absent or late, they are missing important instruction, assignments and discussions.

Why Is Attendance Important?

Regular attendance can help students:

- Stay on track academically
- Develop strong relationships with peers and teachers
- Build positive routines and habits
- Feel connected at school
- Avoid falling behind and feeling overwhelmed with missed work

We Are Here To Support Your Family

If your child is struggling with attendance please reach out. The school counselor and other school staff may help with available resources.

Contact Info

Here are all the ways you can contact me:

EL RINCÓN DE CONSEJERÍA

Ms.Ramirez

¡La asistencia escolar es importante!

¡Cada día cuenta!

Queremos recordarles a las familias la importancia de asistir regularmente a la escuela. Asistir a la escuela de manera constante les brinda a los estudiantes la oportunidad de aprender, establecer relaciones y sentirse conectados con la escuela.

Cuando los estudiantes faltan a la escuela o llegan tarde con frecuencia, se pierden enseñanzas importantes, tareas y conversaciones en clase.

¿Por qué es importante la asistencia escolar?

La asistencia regular puede ayudar a los estudiantes a:

- Mantenerse al día académicamente
- Desarrollar relaciones sólidas con sus compañeros y maestros
- Crear rutinas y hábitos positivos
- Sentirse conectados con la escuela
- Evitar atrasarse y sentirse abrumados por el trabajo escolar perdido

Estamos aquí para apoyar a su familia.

Si su hijo(a) tiene dificultades para asistir regularmente a la escuela, por favor, comuníquese con nosotros. El consejero escolar y otros miembros del personal de la escuela pueden ayudarle a encontrar recursos disponibles.

St. ANDREWS REC CENTER
8701 ST. ANDREWS PL.,
LA CA 90047
(213)485-1751

If you are a person with a disability and require accommodation to participate in a City of Los Angeles Department of Recreation and Parks program, service, or activity, requests may be made by calling the facility 213-485-1751, or 711 for CA Relay, ten days in advance of the event. We will do our best to fulfill requests with less than ten business days' notice. If a participant requires a one to one aide, requests will be fulfilled within seven business days of receiving required paperwork and documentation needed to issue a Right of Entry Permit to the agency providing the aide.
