Academic Corner:

Our students have completed their first round of i-Ready and NWEA MAP benchmark assessments last month. We want to thank all our parents for ensuring their children come to school each day ready to learn! Students continue to work hard on mastering their grade-level standards and are focused on completing at least two i-Ready lessons per week in both Reading and Math, with a goal of scoring 80% or higher. This consistent effort helps bridge learning gaps and move students closer to grade-level proficiency.

Apple Fun

This past month, our Kindergarten and 2nd grade students had some *apple-themed fun*! They enjoyed tasting different kinds of apples and then made Math, Science, and ELA connections by graphing their class's favorite apple, identify parts of the apple, and writing short stories inspired by their apple-tasting experience. It was a fun and engaging way to combine learning with hands-on exploration!

National Janitor's Day

On October 2nd, Ms. Rivera's 4th grade class took time to celebrate our wonderful janitors, Mr. Blake and Mr. Oswaldo, by writing heartfelt letters of appreciation to thank them for keeping our campus clean and welcoming. Mr. Oswaldo shared that he was so touched by the letters that he read them several times!

We'd like to remind all students to continue showing respect and gratitude by keeping their areas clean and helping out whenever they can. Let's all do our part to keep our school beautiful.

Hispanic Heritage Month

This past month, our students joined in celebrating Hispanic Heritage Month by wearing festive cultural attire and enjoying a special celebration during our After-School Program. The event was filled with music, fun activities, and lots of smiles as students learned about and honored the rich traditions and contributions of Hispanic culture.
